HEALTH OFFICER'S REPORT

The past year the general health of the Community was very good.

There were no cases of the more serious epidemic type and no case that required isolation.

I have sent nine samples of milk or cream, also seven samples of water from the Town supply to the State Laboratory for analysis. All reports satisfactory.

I have inspected one Foster Home. I have inspected all toilets in schools and Rest Rooms.

Several complaints were investigated and in all cases we have had good cooperation.

We have had several collections of books given us by the following friends:

Perley C. Thomas	Mrs. Norman Greenly
G. W. Chappell	Mr. and Mrs. E. W. Kelley
W. R. Hills	Mrs. C. A. Vincent

The varied classes and types of the books contained in this collection of books made them available for many uses, as the givers kindly gave us permission to use our own judgment in the use of them.

Many were duplicates of what we already have and we replaced the worn copies on the shelves with these in better condition. Some were more suitable for use in the school and we were able to pass them on and help out there, another use we were able to put them to was to send several boxes to the American Merchant Marine for which we received grateful acknowledgement. We are very grateful for the opportunity to place this assortment of books where they would be very much appreciated and we take this way of saying "thank you" to each and every one who have contributed, whether book or magazine—

Mrs. G. H. Fitts of Framingham, Mass., gave us a year's subscription to the "Humane Review" also a book of biography, "The Dr. Mayos."

Mrs. Willis Cogswell, A copy of the Eleventh Regiment N. H. Volunteers.

Mrs. Mae Gibson, Sutton, N. H., a framed picture of Rebecca Ramsdell at the age of 103 years old.

Mr. and Mrs. C. E. Courser, a picture of the old "Buxton Block" taken about 60 years ago.

Miss Bissell, a sister of Mrs. Kelly has sent us several of the best fiction, also a year's subscription to the magazine "Our Dumb Animals" for the children's room.

Mr. H. B. Preston the usual number of best sellers, including "Fair stood the Wind for France."

Mrs. Andrew Fowler, a book.

Mrs. W. J. Parmenter, a book.

Norman Parmenter, 2 books.

Miss Clare Dunsing, 4 books.

Thanks to Major Warren C. Brown who was in.

charge of the Bond Drives of this town, we have a framed War Service Certificate of Commendation from the War Department.

H. W. Cogswell, two copies of "Read" magazine.

We have not as yet used any of the income accruing from the "Huntoon Fund", but shall find it of great help this coming year.

Alva S. Bunnell of Contoocook, a native of Heniker and for many years a resident, has presented Tucker Free Library with a beautiful combination bookcase and secretary. This piece of furniture was made many years ago by the donor's father, the late Seth A. Bunnell, from native hard woods and presented as a wedding gift to the latter's bride, Miss Helen Eastman. The workmanship of the highest quality, the various woods being inlaid in an attractive design. It is appropriate that this memorial to Mr. Bunnell be preserved in the local library as he was the contractor for the woodwork when the building was constructed in 1904 and harmonizes with the fine interior finish of the Historical room in which it has been placed.

With the assistance of Prof. Frances Childs we have placed in this case the more valuable books of local interest selected from the Library's Collection. Mr. Winfred Ripley re-finished the desk and it should be seen to be appreciated.

In closing we wish to express our sincere thanks for every gift, and kindness shown. We were very glad of the opportunity of being able to place the gift books where they are and will be appreciated. The American Merchant Marine sent us a very grateful note of appreciation. And the extra books for our

use are very helpful. Please continue to keep us in mind when there are good books to be disposed of.

Number visits Citizens	27	0	2	13	13	10	37	102	93

From the above tabulation it will be noted that not much total time was lost as in the previous year, although eighteen half days were lost by the high school. The number of pupils registered was 33 less than the previous year and 42 less than in 1941-1942. Although the percent of attendance has slightly improved it was not up to the state average. The amount of tardiness has also increased especially in the high school. We hope these conditions will be improved the following year. The total number of pupils residing in the district and attending public schools was 226. Of this number one elementary pupil attended in Concord.

It was planned to begin an Agricultural Course in the high school in the fall of 1944 but no teacher was available. However, a course in Smith-Hughes Trades and Industries will be continued until a teacher of Agriculture becomes available.

There is still great need of better lighting for the Central Building. As mentioned in our annual reports for 1939-1940 and 1940-1941 there is only one unshaded light bulb in the front part of each room, and all rooms used except that occupied by grades 5-6 are lighted from three sides. As soon as materials are available these conditions should be remedied.

The teacher shortage continues to increase. We are informed that a total of only eighteen elementary teachers will be available from Teachers Colleges at Keene and Plymouth in June 1945.

Respectfully submitted,

JOHN A. SINCLAIR,

Superintendent of Schools.
